

DERWENT

STEP-BY-STEP DEMONSTRATION

DERWENT NATURAL GRAPHITE

Robust blocks for creative expression

Cows (Finished drawing 8" x 9")

MATERIALS USED:

Derwent Graphite used:
Soft, Medium, Hard

White cartridge paper 125lbs
No. 10 brush

INTRODUCTION

Natural Graphite blocks are ideal for creating free, expressive graphite drawings. Available in soft, medium and hard grades, they are naturally watersoluble and have a slightly dusty quality for easy blending.

1 Using a corner edge of the medium Graphite stick, outline the cows using bold strokes.

2 Use the light Graphite stick on its side to block in the ears, noses and build up the shadow area. With a finger gently smudge and soften the areas to give a diffused look.
